## Installation HA350E

There are different ways of installing the pump

1. The easy accessible rubber feet allow quick installation of the pump, by screwing 4 pcs. of M6 bolts up into the nuts, that are integrated in the rubber feet.

2. Install the pump by adding the mouting plate (247012). The 10mm nut and pole makes installation of the pompe easy on the pump stand

3. Use the one point mounting slide for easy installation.
